

Read This First

This document is intended for the system programmer responsible for installing and maintaining the IBM DATABASE 2 REXX SQL for VM (DB2 REXX SQL) Version 7 Release 1.0. It may contain information that is not included in the DB2 Server for VSE & VM library.

For a detailed description of installation requirements, considerations, and instructions refer to DB2 REXX SQL for VM/ESA Installation and Reference, SC09-2891.

For a detailed description of program materials, support, service level, and a brief overview of installation requirements and considerations refer to the Program Directory for DB2 REXX SQL Version 7 Release 1.0 which you received with this tape.

Additional Information

The Program Directory has been provided in hardcopy only for REXX SQL for VM Version 7 Release 1.0 and will not be found on the installation tape.
